

Grandma, you're my best friend I'll always remember the fun times we would have together especially drawing pictures with you. Even if we would sit quietly together on our phones it was never a dull moment with you. I'll always be grateful to have someone as beautiful and special as you. You were my everything. Thank you for being there for me.

I love you forever and always.

LOVE,

AMIYA MCGEACHY

Tribute

Every time I look at a purple flower, I can't help but to think about you. Purple was your favorite. I remember the excitement in your face every time I came to visit you. It always filled my heart with joy knowing that I have someone who cares so much about me. Notice I used the word have and not had because you will always be with me. You are the angel in my life that protected me and shared your wisdom with me while being on earth. Now you have your wings. You taught me my A-B-C's, maybe one day you could teach me how to fly. Love you now and forever.

Angel, Beautiful, Caring. Grandma ABC
